

CLEAN SWEEP

WELCOME TO CLEAN SWEEP

Clean Sweep is a 3 lesson unit written by specialist educators for teens aged 13-15-years old. The increase in social media and technology has led to an increase in young people's access to uninformed & socially destructive cultural trends as well as sexually explicit material.

Clean Sweep offers young people opportunity to safely and openly discuss and evaluate social norms (such as pornography), as well as provide them with targeted materials designed to encourage interpretation of their own values framework. Students can use these strategies to build their cognitive fortitude and conscious decision-making skills and avoid becoming passive spectators within their social [online & offline] environments.

CLEAN SWEEP OVERVIEW

Clean Sweep is one of multiple units within AGENCY IQ, a secondary school program to fortify youth both online & offline.

AGENCY IQ (for ages 12-16) sits within the IQ PROGRAMS initiative.

IQ PROGRAMS are a whole-school educational package designed to equip kids & youth to confidently navigate hypersexualised culture and other 21st century challenges.

- ✓ Students develop self-awareness (applicable to online and offline behaviours)
- ✓ Students build reflexivity skills regarding personal choices and behaviour (pornography use being one element)
- ✓ Students understand effects of choices on short- and long-term wellbeing
- ✓ Students learn critical thinking and how to draw out ideas and underlying presuppositions (Socratic method)
- ✓ Students learn the basics of neuroscience and the importance of conscious decision-making
- ✓ Students learn principles of informed personal discipline (e.g. short- versus long-term gains; short-term sacrifice for long-term gain)
- ✓ Learning alleviates and prevents shame/guilt surrounding taboo topics

SUPPORT FOR PARENTS

Young people's online safety needs change as they move from tween to teen years and face an increased onslaught of normalised porn culture. Confidently equipped adults are best positioned to support young people in developing their own online and offline agency regarding these challenges. Parents & Carers of Teens completing Clean Sweep are provided with a comprehensive unit overview, lesson plan outline, pre and post-lesson discussion guidance, online learning and support, as well as suggestions for navigating technology.

SCHOOL INVESTMENT

CLEAN SWEEP UNIT - \$447 (INTRODUCTORY PRICE)
