

UMBRELLA

WELCOME TO UMBRELLA

Umbrella is a 3 lesson unit written by specialist educators for children aged 6-8-years old. Umbrella is designed to help children identify and appropriately respond to 'safe' and 'unsafe' online content. It develops student's social and self-awareness when it comes to their online activity, as well as self-management and decision-making skills related to their own new media usage.

The "umbrella" is one example used to assist students in making these connections, serving as a metaphor for protection and preparedness. Students learn their need to always be prepared when they enter any new media environment. Students can then apply their umbrella when it comes to recognising harmful online content or having the self-awareness to prevent the formation of potentially unhealthy habits.

UMBRELLA OVERVIEW

The Umbrella Unit is one of 6 units within COMPASS IQ, a primary school program to safeguard kids both online & offline.

COMPASS IQ (for ages 4-12) sits within the IQ PROGRAMS initiative.

IQ PROGRAMS are a whole-school educational package designed to equip kids & youth to confidently navigate hypersexualised culture and other 21st century challenges.

- ✓ Students develop self-awareness regarding their online and offline behaviour
- ✓ Students identify 'safe' and 'unsafe' online content
- ✓ Students consider the impact of safe and unsafe online activities for their own and others safety and wellbeing
- ✓ Students develop internal senses regarding safe and unsafe online behaviour.
- ✓ Students practice forethought and exercise critical thinking when it comes to making 'in the moment' decisions.

SUPPORT FOR PARENTS

Children's online safety and the provision of skills to navigate hypersexualised imagery is of vital importance. This is why we believe a parent/carer/school partnership to address the issue is necessary. Parents & carers of children completing Umbrella are provided with a comprehensive unit overview, lesson plan outline, pre and post-lesson discussion guidance, online learning and support, as well as suggestions for preventing access.

SCHOOL INVESTMENT

UMBRELLA UNIT - \$447 (INTRODUCTORY PRICE)
